BREAKOUT: PI/Researcher Collaboration Session	3 (75%)	1 (25%)	0 (0%)
BREAKOUT: Academic Leadership Team (ALT) Meeting	2 (33%)	3 (50%)	1 (17%)

Comments/Suggestions

From Visitor:

- *"I can't think of any. It was very well planned and presented, and it was an impressive event."*

From CVDI Staff Member:

- *"Would be great to figure out how to make more interactive. I like the poster sessions, but it seemed that there were only a few people that interacted with more than their own projects. Too many people just working their computers/email during large chunks of the meeting."*

From PI or Co-PI:

- *"I was disappointed by the catered food during the meeting. Having heating trays that kept the food warm would have improve it a lot."*

From Current IAB Members:

- *"My comments will be provided in separate discussions with CVDI Leadership."*
- *"Allocate enough space for the IAB/Student session"*
- *"For Day 2, it felt like they were making up the rules as they went. Disorganized and unclear. I liked the idea of having a 3-minute presentation up front by each student and THEN doing the poster presentations so you know which ones to visit."*
